A cross-sectional view of a multi-layered structure 114. The structure consists of three distinct layers. The top layer is labeled 103 and is represented by a thin horizontal line. The middle layer is labeled 102 and is filled with a diagonal hatching pattern. The bottom layer is labeled 101 and is filled with a diagonal hatching pattern, oriented differently from the middle layer. The entire assembly is designated by the reference numeral 114.
